SUMMARY

Final-year Software Engineering student with strong expertise in backend development and system infrastructure. Skilled in php, C#, and Python, with hands-on experience in virtualization (VMware ESXi, Hyper-V), and ERP systems (ERPNext). Experienced in building scalable applications across healthcare, HR, finance, and analytics domains. Passionate about designing efficient systems, integrating software with infrastructure, and solving real-world problems.

TECHNICAL SKILLS

Technical

Programming Languages: C#, Python, Dart, PHP

Frameworks & Technologies: Flutter, RESTful APIs, Laravel

Databases: SQL Server, SQLite, Database Design & Normalization

Web Technologies: HTML5, CSS3, Responsive Design

Systems & Virtualization: VMware ESXi, Microsoft Hyper-V, Virtual Machine Management, System Deployment & Configuration

ERP Systems: ERPNext, Workflow Automation, Basic Customization, Business Process Management

Tools & Platforms: Git, GitHub, Postman, Visual Studio, VS Code

Core Concepts: Object-Oriented Programming (OOP), Data Structures & Algorithms, MVC Architecture, Entity Framework Core, JSON, API Integration, Clean Architecture (Basic), Design Patterns (Basic)

Agile & Methodologies: Agile, Scrum, Kanban, Sprint Planning, Continuous Integration (CI), SDLC

Language

English (Advanced Diploma).

Personal

Problem-solving, Teamwork, Fast learner, Communication, Teaching.

PROJECTS

Smart Club Pro

Built a complete gym management system using Laravel 12. Implemented role-based authentication with Spatie Permission. Developed membership, booking, attendance, POS, and payment modules and responsive admin dashboard

Bank Wallet System

C#

Basic financial transactions.

Analytical AI System

Python (Streamlit)

Data analysis and visualization.

Travel Application

Flutter

Booking and trip management.

Hospital Management System

C#

EXPERIENCE & VOLUNTEERING

Assistant English Teacher

Orange Institute

(3 months) Supported teaching English courses, assisted students in improving language skills, and contributed to classroom activities.

Customer Service Volunteer

Al-Hamdi Foundation for Human Development

(50 hours) Assisted clients, improved communication skills, and provided customer support.

INFRASTRUCTURE & SYSTEMS EXPERIENCE

Managed and deployed virtual machines using VMware ESXi and Hyper-V.

Installed and configured ERPNext for business process management and workflow automation.

Performed system troubleshooting, resource optimization, and performance monitoring.

EDUCATION

B.Sc. in Software Engineering

B.Sc. in Software Engineering - Saba University

- 4th Year.

Advanced English Diploma

Advanced English Diploma - Tech Zone Institute.

ACADEMIC ACHIEVEMENTS

Certificate of Appreciation

- Ranked 3rd in class.

Human Resources System

Python

Employee and payroll management.
